

AC Installation & Services

Plan a new installation, discuss a cooling problem or arrange maintenance with Uttam Electronics. Tell us your AC type, location and requirement so the visit and work can be scoped before you commit.

AC Types We Can Discuss

Split AC

Discuss unit placement, copper piping, drain routing, routine servicing or a cooling complaint.

Window AC

Review the opening, support, sealing and installation or removal requirements.

One-Way Cassette AC

Discuss ceiling access, drain arrangements and the position of the indoor unit.

Four-Way Cassette AC

Plan ceiling access and maintenance around the indoor unit and its drainage system.

Tower AC

Review indoor floor space, outdoor placement and the servicing requirement.

Ductable AC

Discuss the indoor unit, accessible ductwork, air outlets and drainage as one service scope.

VRF Indoor & Outdoor Units

Share the installed system details. Diagnostics, controls, compatibility and service scope require a system-level review.

Gas Charging & Leak Assessment

Refrigerant work after diagnosis and leak checks

Core Cutting & Drain Routes

Access and building permissions confirmed before work

Discuss current availability, exact-model specifications and suitability with our team. Products, supply, installation and service inclusions are confirmed in the quotation.

Guidance, service & next steps

Describe the issue and the equipment before the visit. The proposed work and applicable charges are confirmed for your job.

Installation & Replacement

Equipment positioning and installation within an agreed scope.

Removal & Relocation

Assessment of removal, transport responsibilities and reinstallation needs.

Copper Piping & Insulation

Routing, materials and quantities confirmed after site review.

Drainage & Ducting Work

Discuss drain routing, accessible ductwork and related site requirements.

Fault Diagnosis & Repair

Assess cooling, leakage, noise or operating problems before confirming repair work.

Preventive Servicing

Plan cleaning, inspection and agreed maintenance activities for your equipment.

Support for your purchase

AC Annual Maintenance Contracts - Request an AMC based on your AC type, quantity and usage. Confirm the number of visits, cleaning scope, breakdown support, spare parts and refrigerant exclusions in the agreement.

Check Coverage Before Service - Manufacturer warranty, paid repairs and installation workmanship terms are different. Share your purchase details if available so the correct support route can be discussed.

Before you enquire

- AC type and quantity, brand/model, fault or proposed installation work.
- Locality, unit access, visible error codes and model-label photograph if available.

Please confirm price, availability, delivery, installation scope and applicable warranty or service terms before proceeding.
